CORE QUALIFICATIONS

- Programming and design skills
- Strong analytical skills
- AJAX
- C# .Net
- Local remoter systems support
- Structured query language (SQL) Expert
- Information security
- Project management
- GUI and tools
- Document management
- Software Testing
- Optimizing and performance tune
- Asp .Net MVC
- Excellent problem solving skills
- Core Java
- Software Designing
- Drill down reports
- Database servers
- Process Improvement
- Jquery, Angular 4
- JavaScript
- NodeJS, VB Script
- Real-Time Database Management
- Strong Communication Skill

EDUCATION

High School: SSLC (67%)

Higher Secondary School: HSC (74%)

Kaamadhenu Arts & Science College – Sathy, Erode, India

B.Sc. Information Technology (85%)

Diploma in Dot Net Programming (75%)

KGISL Institute of Information Management - Coimbatore

Master of Computer Applications (MCA) -Pursuing

Review in Programming Languages

- VB .Net 100%
- ASP .Net 100%
- SQL 100%
- C# 100%
- Java 99%
- Node JS 100%

PROFESSIONAL EXPERIENCE

.Net Developer,

Nawara Technologies – Kerala, India **(2 Months)**

Designed ERP systems software by applying key principles of computer science, engineering and mathematical analysis. Conferred with data processing to obtain information on limitations for data processing projects. Coordinated installation of software systems and collaborated on the design and implementation of new features. Programmed in an object-oriented programming language with an eye toward code abstraction and reuse.

Coordinated continued performance assurance of software applications and automated performance test scripts. Defined project deliverables and monitored status of tasks.

Realsoft Technologies - Tamilnadu, India

Designed ERP systems software by applying key principles of computer science, engineering and mathematical analysis. Conferred with data processing to obtain information on limitations for data processing projects.

Prepared and presented technical proposals for clients. Assisted in the monitoring and reporting on website traffic and performance. Improved reliability of supply chain software, systems, database and order processing.

Served as sole database administrator MS SQL running on various operating systems. Developed application framework that served as the cornerstone for a highly successful thin-client web applications strategy.

OBJECTIVE

To work in a challenging atmosphere by exhibiting my skills with utmost sincerity and dedicated smart work for the growth of your esteemed organization along with mine Academic details.
